

01638 720455
enquiries@fordhamnursery.co.uk

Full list of Herbaceous Perennials, ornamental grasses and ferns available at Fordham Nursery.

Most are grown in 2L pots. We are able to source many more varieties if required (usually in 1 litre pots or P9 Liners).

The range of plants can vary from small rockery type plants up to large architectural ones giving the chance to create some dramatic finishes to the garden especially if planted in quantity.

Minimum Order

Please note our [Terms and Conditions](#) relating to smaller quantities and delivery. Fordham welcomes large, private customers – but please note we have a **minimum order of £200 + VAT.**

Free delivery available for orders over £1250 +VAT in the East Anglia Region.

We usually have some 200,000 plants here at any one time, so call us for an appointment on **01638 720455** and come and see the range and quality for yourself. We look forward to showing you around.

Please forward any enquiries by e-mail to: enquiries@fordhamnursery.co.uk
